

UKB-RAP Service Packages

Users can now purchase tickets that will provide them 1:1 expert guidance on various scientific questions regarding their project at UKB-RAP. The DNAexus team will assess the complexity of your question(s) and advise how many tickets will be required to help. Note that complex questions may require more than one ticket and tickets expire within 12 months from purchase.

It should also be noted that some requests, for example where you wish DNAexus to run an analytical pipeline on your behalf, would require DNAexus to become a Third-Party Processor[1] on your research application. DNAexus would be open to supporting you in this capacity and, if this is of interest, please get in touch with us directly via our [contact us form](#). DNAexus will work together to ensure compliance with UK Biobank policies.

Service Package Information

- Multiple ticket packages to meet your needs
- Packages are valid for 12 months
- Can be renewed on an annual basis

Tickets Package	Bundle Price
1	\$375
